

Hello my dear FRIENDS,

I have been trying to send you this message for weeks, but I am now ready to Thank You all, for what you are doing for the Veterans.

Mike, as we were departing at CWA, we shook hands, hugged and I said with a tear in my eye: "You are sure right when you choose the name Never Forgotten Honor Flight, because I WILL NEVER FORGET what you and all the volunteers did for me, my family, and Vets.

What incredible talent your team has, and all those hours of work you do, for guys like me. I just don't have the words to THANK YOU Enough. I am also keeping a list of your donors and they will be first on my shopping list when ever I need something or a motel when we are back in Warsaw, next summer

Sincerely
Denny Blum
