

NFHF team,

I cannot even begin to thank you for your flexibility and quick responses this past month - this is my first time participating in an Honor Flight as family and I have been absolutely overwhelmed by the response of your team. My grandpa received his packet yesterday and called to tell me how excited he was to be going with his son and his best friend from childhood. We can't wait to meet the Mission #21 team - I'll be waiting in DC!!

best,
Lauren
