Jim

Just wanted to thank you for the Great day on the Honor Flight. What a spectacular thing your organization does for the Veterans.

I had a wonderful time getting to know the vets I had a chance to talk to as well as the guardians.

I had several calls upon return of the videos shot, and the live drops we did and the information relayed back to our listeners.

You have a wonderful core group that travels with you and the tireless work they do is amazing. If you ever need a strong person to help on future trips, I would love to volunteer.

Take care, God Bless You and The Honor Flight and thank you again.
