June 2, 2017

To Whom It May Concern,

It is a pleasure to write a letter to accompany our donation. The students at Mosinee High School participated in a fundraiser on Tuesday, May 30. The fundraiser was organized by the AP Calculus BC class. We made snow cones and sold them for \$1.

Please find enclosed our donation of \$69. The students chose your organization because we are proud to have two students who are affiliated with the Air Force. Cassie Welch is a cadet in the Civil Air Patrol Program, an auxiliary of the Air force. Alec Watson, a calculus senior, will be attending the Air Force Academy in late June. Alec developed his understanding and respect for veterans in his years as a boy scout, and wanted to give back to those who served before him.

Thank you for all of your efforts in honoring and supporting our veterans.

Sincerely,

A handwritten signature in black ink that reads "Lisa Kennedy". The signature is fluid and cursive.
