RE: Honor Flight 11/Harry Griswold

Please accept this donation in honor of my father, Harry Griswold. He is a proud veteran of both World War II and Korea and this experience will forever be unforgettable to him. He and my mother, Mary Griswold, felt honored and appreciated from beginning to end.

My father never asked nor expected to be recognized for his patriotic service to our country. Nevertheless, to be thanked and remembered in such a remarkable way through Honor Flight 11 has truly been one of the most meaningful experiences of his life.

With Gratitude,
