

Just a quick note to let you know how much my dad, Lewis Shelhammer and I appreciated the care and generosity the Honor Flight crew showed to the vets involved in the May 7th flight. The organization and communication (Listen Up !!!!) were outstanding. We are and will tell everyone interested in The Honor Flight about your great flights. My dad gets around quite a bit so there's no problem telling everyone he sees.

I as well, enjoyed the stories told and the history revealed by the various vets and monuments.

Again, thank you for what you do for the people who made these flights and our freedoms possible.

Jim Shelhammer

and

Lewis Shelhammer
