

Jim,

Words can not begin to express our gratitude to you and all who have worked with you to make this an experience of a lifetime, not only for the vets who gave so unselfishly, but for all their families who will never forget what has been done by selfless volunteers like yourself who have made us all realize what can be done by Americans when they decide to do do "the right thing". May God bless each and every person involved and may the spirit of this great cause continue.

Sincerely,

Veronica Blaskowski Hammes,  
Guardian and daughter of veteran Leo Blaskowski  
Sincere gratitude from our entire extended family
