What an opportunity for World War II Veterans and their Guardians to take this wonderful trip to Washington D.C. My Dad and Husband were both on the flight of April 18th and were so impressed with the organization of such a huge venture. It was a wonderful, memorable day for my Dad as his Nephew addressed the group at the World War II Memorial, and his Grandson who is a Medical Air Force student in Washington joined him at the Vietnam wall for a visit. And upon his return to CWA his Son from Northern Minnesota was there to surprise him and welcome him back from his big day. My Mother and I had the opportunity to join in on the Sunday afternoon gathering and banquet and the Welcome Home festivities. I will never forget the wonderful reception and greetings these Veterans received from all the Honor Flight Staff and Volunteers. The atmosphere was so exciting. Hats off to all the organizations and musical groups and flight doctors that volunteer their time for this event.

I cannot thank the Honor Flight Staff enough for everything they did for my family, especially my Dad, and all the other Veterans.

It was truly one remarkable day for Dad and one he will cherish and talk about everyday.

Thank You, Thank You, Thank You!
