

Hello All,

Just wanted to tell you all about my experience last night at the return of the Honor Flight at the Mosinee Airport.

It was a great experience that I wish everyone can go and experience for themselves, truly great you feel proud to be an American! Even though you may not personally know the Veterans that were on the Honor Flight, it is just really neat to go and show them respect and the honor that they deserve. It was a moving feeling of what great joy it brings the returning Veterans felt as they enter the airport- they were all in real shock of the overwhelming warm welcome that they receive and how happy they seem that so many people were there to welcome them home. Honor Flight what a great program- In Honor of our Veterans.

Also big thanks for Linda and her Father for also being there to celebrate the Honor Flight.

Thanks
Polly P Lentz
