

10-12-11

To the people that organize the honor flight.
To say thank you just dont do it. you all
deserve much more than that. It was an
awesome day. The planning and organizing was
great. When you get our age it dont take
much to make you happy, and I must
say it was a trip I'll cherish the rest
of my life, again thank you for all your
hard work

Respectfully
Wally Glas
