

Never Forgotten Honor Flight Board of Directors  
Att: Mike Thompson  
Jim Campbell

I want to express my gratitude for one of the most memorable days of my life when I had the privilege to be a part of the WW II veterans flight to Washington D.C. I cannot thank you enough.

With all your other civic activities, in addition to your own thriving business, you all are to be commended for taking on this enormous time consuming project. I am truly at a loss for words to tell you how much your efforts are appreciated by me.

Also thanks for allowing my Granddaughter to spend the day with me. It meant a lot to her also.

I enclosing a check to help show my appreciation for all you people did for our group. Again, my sincere thanks to each and everyone in your organization.

Sincerely,  
Ardean "Butch" Fort
