

Never forgotten Honor Flight. 9-14-11

Dear Friends!

I want to thank you for what you did for me and the others etc. I like never expected to be honored like that. Oh no here.

Our visit to the memorial was a memorable thing, our Capital city is the best in the world.

But the most amazing and memorable thing was the welcome we received when we returned to the airport in Washington and overwhelmed, I looked around and thought maybe the President or someone important was was arriving on a plane. My mind couldn't really absorb what had occurred until I thought about it the next day.

From the print hug she gave me, she certainly took her job seriously and I appreciated her very much.

Looking back at that long day I've got good memories to last me for at least the next twenty years. and I have renewed my faith in people

Thanks to much

John R. Donohue

P.S.

I think you gave you a copy at a store I once called Dear Hunter Pilot.
