

**From:** Jones, Charles

Pat,

I don't think I've ever experienced an event so meticulously orchestrated!!!! The dedication of your organization is simply amazing. The preplanning and logistical issues to deal with halfway across the country is nothing less than mindboggling.

My partner for the event was fellow Air Force vet "Jerry Hoffman" who served in Korea. What a pleasure and an honor to have spent that time with him. While there are so many great memories, the greatest was seeing his face light up and the tears in his eyes as we exited the aircraft. He was waving that small American Flag with such pride.

Please extend my thanks to all of the member of "Never Forgotten Honor Flight."  
**"You guys do good work"**

Charley Jones

Detective Lieutenant - Retired Wausau PD
