

President  
Pat Puyearth

I cannot adequately express my sincere thanks for the  
Never Forgotten Honor Flight on May 7th

The Korean War, often labeled the "FORGOTTEN WAR" in my  
mind never was a forgotten war, and phrase is now mute  
due to the Never Forgotten Honor Flight organization of  
dedicated individuals willing to devote endless hours  
to make it happen with extremely well organized military  
fashion under direction of Mike Thompson and Jim Campbell.

And how do I thank hundreds of Business's, Organizations  
and individuals that have been so unselfish with donations  
to finance the cost of operation with not one penny of it  
charged to the veterans, just unbelievable.

This truly was a wonderful experience to travel once again  
with veterans, all who could view their own memorial  
and many of the others.

However inadequate, I thank you and all others mentioned  
in this correspondence for the experience. I was happy  
and especially pleased to have my daughter Janet as my  
guardian on the flight due to my need for a wheel chair.  
We both will always remember the togetherness on this  
trip.

Again Pat, thank you,

God Bless the Never Forgotten organization  
and God Bless America
