Thank you! Jim

May the Lord richly bless both you & everyone serving in your organization. The 22nd "Honor Flight" was one of the most meaningful things I have done in my life. It has given me real peace from the homecoming we "got/didn't get" when returning from Vietnam in 1967. The genuine thoughtfulness of the people & efficiency of the trip was truly amazing & heartfelt. I made every effort to answer every child that wrote a letter received in my "mail call."

You will "Never be forgotten"
Gratefully
