

Dear Sirs;

I would like to donate to the Honor Flight in the ~~name~~ memory of a fellow Wauson Co-Text student from the late 1940's, Capt. Richard Ormanski. He was killed in Korea on 1 January 1951 in Korea. One year and a half later I married his sister. We're still married today 61 plus years.

I was on Honor Flight 14 and it was so refreshing and attitude changing. I was probably the only one on the flight that received a Korean War bonus. (California gave them) I was stationed at Fairfield Suisun AFB before and during the war when Gen. Travis crashed on base. I went TDY to Guam.

This trip gave me a good feeling after the way we were treated coming back from Vietnam.

My oldest daughter planned a surprise greeting at the D.C. Airport

that really knocked my socks off. She even had my daughter from California to come. It added to the attitude change I didn't realize I had. So I think with the donations we can sponsor a Vet. and hope he has the same attitude adjustment I received.

Sincerely
James Garke CMSgt. USAF
(JGA)
