

Oct 13, 2016

To

President and Bd of Directors
Never Forgotten Honor Flight,

as a member of the Sept 12, 2016 Never Forgotten Honor Flight I want to express my deepest "Thanks" to everyone involved in the planning and execution for the "experience of a lifetime".

From the moment my wife and I arrived at the Highland Church when we were greeted so warmly and introduced to our "private escort" (the young Boy and Girl Scouts) who showed me to the shirt changing room and then to the photo room and then to the "social room," we were made to feel like dignitaries.

This same sense of appreciation was evident every step and place we went. To those wonderful caring people wearing Red shirts wherever we went to the Blue shirt people who directed the activities throughout, to those who met us upon our return to Masinee with such a wonderful "Welcome Home" I can only repeat "Thank you".

The attention to detail including the agenda for our spouses along with the overnight stays at Fairfield Inn was so thoughtful.

For those of us who returned home after serving during the Korean Conflict and who received a pleased reception to the Vietnam returnees who were, in some cases, ^{met} with derision upon their return, the reception we received at the airport was so overwhelming and heartwarming and I hope will override any unpleasant memories of their return back then.

I would be amiss not to mention the wonderful Guardian I was assigned, Perry Kleinschmidt, I owe you a debt of gratitude & can only repay it I follow your example!

With Deepest Thanks

Sincerely
Martin Wolf
