Never Forgotten Honor Flight
P. O. Box 5056
Wausau, WI 54402-5056

To all Directors and Members at Large:

Our experiences, as veteran and veteran's wife, in every part of the Never Forgotten Honor Flight # 11 program will truly never be forgotten.

From the moment of arrival, when uniformed Boy Scouts opened the door and offered to carry our luggage, to the ending when a motorcycle escort group accompanied our buses from the airport to the motel - - in the rain, we were overwhelmed.

The majesty of the Memorials we visited was actually no more overwhelming than the warmth of the crowds that saw us off from Wausau, welcomed us to Washington and, greatest of all, the cheering crowd, band and color guards that greeted us on our return to Wausau.

And then there were the unforgettable "bonus" touches: the Sunday Banquet with my guardian, Larry Schmolli, the arcs of water from fire trucks at both airports, the Mail Call on the return flight, and the wives' tour and lunch at the Yawkey Museum.

Thank you very, very much!
