NEVER FORGOTTEN HONOR FLIGHT

Dear newly found FRIENDS:

I would like to thank all of you and the many volunteers for giving me the opportunity to experience the once in a life time trip to our nations capital to see our memorials in person. I know as for myself, that without your hard and unselfish work, this would not have happened.

It was a privilege and an honor to fight for our great country. I may not be as strong or as fast as I once was, but I can still pull a trigger and I would be the 1st one in line again to defend our rights and liberty.

So that other deserving war veterans will have the once in a life time experience, I would like to make another donation to your great organization.

I come from a fighting family, so on behalf of and in honor of my two older brothers and three brothers-in-law who fought in World War II, please accept this donation.

Kenneth H. Buck	US Army
Elmer J. Buck	US Army - Wounded in Europe
Alfred H. Wendler	US Navy
Robert J. Dressel	US Army
Everette C. Frederick	US Navy - Submarines – He was stationed at Pearl Harbor on Dec. 7 th , but was out at sea during the attack.

Again, thank you and all of your volunteers for a job well done.

Respectfully yours, (as our Bus Captain Pat Puyleart called me), “Buck-Buck”

Dennis Buck – Korean War Marine.

Member of the 10th NEVER FORGOTTEN HONOR FLIGHT.
