

Never Forgotten Honor Flight,

My dad, Adolph Gorke was a Med-Tech during WWII; he had the privilege of attending the opening of the WWII Monument in Washington DC in April of 2007. He and my brothers had a wonderful trip and many memories to share. Dad passed away in December of 2009, sadly, my brother Greg also recently passed away. He designated money to help another veteran make the trip to Washington DC. I am enclosing money for a veteran's future trip.

Thank you for all you do to make this happen.

Sheila (Gorke) Steinmetz
