

Thurs, June 23rd

Gentlemen,

I know I should have thanked you many times for the project that you started, but our paths haven't crossed, so I'll just write it out Thank you - Thank you

Then today I received this collage of pictures taken on that special day. It will be a day that I'll remember for a long time. The whole trip and what it all included brought back so many memories. You are very much appreciated for the work you're doing.

Keep up the good work, God Bless You.
