

Donna, I want to extend a huge thank you, to you and all the others who put so much time and effort into making the Honor Flight happen.

My father has not stopped talking about what an amazing experience it was! My mom told me today that everyone he ran into this weekend, he had to tell them about it. It's funny, he has been so sick the past year or so, but watching him come off the plane last week, it seemed like he had a new spring in his step! I get choked up telling you this next part....he told my sister he was treated like a HERO all day long....she said to him, "But dad, you are a hero!" he said, "No one ever called me or treated me like a HERO before!" How great is that! You made an 82 year old man feel like a hero!

Thank you again for this wonderful experience for all our veterans. Our entire family is grateful to you all for making this happen.
