Jim Campbell and Mike Thompson, Co Chair:

Gentlemen:

I heard Mr Campbell's interview on Radio Station WIGM in Medford. In was Most informative and interesting to hear how your organization got started and How it keeps us veterans happy'

I was selected to go with your group in April of this year. Your slogan is Correnct, one never forgets this trip.

From the 1st evening with your wonderful entertainment and delicious Dinner. Then up at 4:00 am catch the bus to the airport, passing through the Check points and boarding the plain. The hospitality to and from Washington Was very good.

Things that really impressed me was when we stopped and got off the bus To view another historic sight, the people on the sidewalk coming up, huging you And thanking us veterans for what we done.

Then on the way home I will never forget Mail call. I remevber in combat sometimes it was weeks before we got mail call. And the box of cookies.

Then at the airpot the fire truck spraying the beautiful crcle in the air/ Getting off the plane and witnessing all the different groups of people the music And I was impressed, being a 4th degree Knights of Columbus , seeing the group Of about twelve fully dressed with swords and plumes meeting me. I never had So many hugs and kisses in all my live'

ui I am 86 years old, retired, and on limited income, but please accept my Check for \$50.00, this might cover two nights room at the Howard Johnson for Some lucky veteran to be picked on another one of your flights to D.C. Keep up Your wonderful work for us veterans

Sincerely

Edward Boxrucker
