

James;

I want to thank you for pestering Ken and I at camp last fall about the Honor Flight. I hate to admit a former "Knob of the year" recipient was correct on so many fronts, but you were and are 100% on target with this one.

What a great experience it was,I will always remember this time as one of my best memories ever!

From the banquet to the bus tours,to the welcome home at the terminal, the staff at the Honor Flight showed how well dedicated you all are toward these vets.I thank you from the bottom of my heart and bless you all.

On a more personal level,I want to show my gratitude for being chosen "Wheelchair Captain" on the White bus and return the favor and choose you to be "Dishwasher / Outhouse Wench" for the Blue Ribbon Deer Camp 2011.

Thanks,  
JAFo

PS;

I would like to thank "Al" who was the White Bus driver in DC . He was the most kind and respectful man to ALL of the vets and guardians.
