

Thank Jim and all of the Never Forgotten Honor Flight volunteers for a job well done. Both my father and husband had a great time.

It was very fitting that my dad take this flight during the week before Easter. His favorite story to tell is that 66 years ago on Easter, they wheeled him out of the hospital to attend Easter services on the banks of the Mediteranean. How fitting that now he can add to his story that he also got to visit Washington DC during that same time of year.

Thanks again to all of you. I will continue to support your efforts into the future and will never forget the impact that this trip has had on my family.

Polly Schneider
Daughter of Clifford Maluegge
