Dear Jim & Mike

I want to thank both of you, your committee & all the volunteers for a wonderful experience. It was a big thrill to see the WWII memorial along with all the other memorials. I've been wanting to go to Wash DC, but I know I never would have made.

The visit to Arlington cemetery, the changing of the guard at the unknown soldier tomb was a moving experience.

We did so much & saw so much in such a short time, it almost seems like a big dream.

I was (rather am) grateful for the way it was all organized & everyone was so helpful. I didn't see any combat in WWII or Korea & to me it was an honor to be in the company of the older vets. It was a humbling experience.

I want to apologize of the problem I caused when we landed, & was grateful to Donna Strick
