

10-9-17

It was an honor for me to be included on the Honor Flight to Washington DC and having my daughter, Tracy, go along as a guardian. It was a day not soon to be forgotten. I'd like to thank all of you for the letters I received at "Mail Call" on the flight. The welcome home I received at the airport from Family, Friends and Service Organizations will never be forgotten and was truly the highlight of the day.

Thank You
