Dear Board of Directors + Personal,

I was one of the 81 veterans on the 29<sup>th</sup> Honor flight Sept 11, 2017. It was a trip of a life time" for myself and all the Veterans who went. From Sunday till we returned from Washington D.C. at C.W.A. I told my wife I would have liked to stay longer, there was so much to see. Also the entertainment that was provided for wife + spouses.

The wonderful greeting when we returned Rome, by so many <sup>(Hundreds)</sup> people, even those we didn't know, that shook your hands and thanked you for serving. The many, many people that volunteered and those who payed for all this great trip to happen.

Thank you so much  
and God Bless
