

Never Forgotten Honor Flight,

We the riders of the Deerbrook Rumble are very pleased to provide you with this donation of \$1660.00 to send our Honored Veterans on an experience of a life time. We are proud to help out. Just to give you a little history about us, we're just a bunch of good old guy's & gals that started with getting together for a motorcycle ride. This then became the Deerbrook Rumble, Deerbrook WI. So we figured as long as we're getting together, why not make it for a good cause. We decide we would ride for a charity of our choice and of course you can see that you are our choice for this the 5th annual ride. With the great success of this year's ride we look forward to next year's ride to grow and raise even more funds to help an organization, such as yours, continue to show great generosity to those who have done so much for us. We were happy to have Jim Campbell ride with us followed by a great talk and explanation of the Honor Flights origin, how it works, how to register and the insight of what it really means to those who've been able to participate. We are very happy to know that the funds raised stay in the area and that someone we may know will have this experience.

Proud to Help,

Kevin Ashby – Founder of, The Deerbrook Rumble
