Wausau, WI 54401

In 2009, Wrangler® proudly introduced the Wrangler National Patriot™ program, a campaign created to provide funding and support for America's wounded and fallen soldiers and their families. Year after year, dedicated rodeo committees and organizations register for events, while fans show patriotism and support by purchasing Wrangler National Patriot apparel and attending events – all helping to raise money and awareness for this inspiring cause.

On behalf of the Wrangler National Patriot program, I am proud to share this donation generated from the success of these efforts. This check for \$2,500 represents the commitment of western manufacturers, retailers, rodeo communities, and patriotic Americans nationwide.

Officially launching at the Wrangler National Finals Rodeo in 2009 with a goal of igniting a sense of patriotism across the country, the Wrangler National Patriot program has raised more than \$650,000 to support these brave soldiers and their families. We hope to continue these strides to make a positive difference in the lives of our American veterans.

The Wrangler National Patriot program is designed to generate success by uniting the entire rodeo and western communities to join forces in the support of our country. Employing the power of the masses, Wrangler calls on rodeo committees across the country to get involved by creating their own unique programs to benefit locally based charities of their choice. Additionally, a portion of the proceeds from a line of Wrangler men's and women's shirts bearing the Wrangler National Patriot logo benefits charities supporting military veterans.

I am proud to present this donation to Never Forgotten Honor Flight Inc., as Wrangler and the western industry continue the mission of supporting those who fight for our country.

Best Regards,

Allen Montgomery
President, Wrangler Western
