Dear Honor Flight people,

My husband Carl was on the April flight. It truly was special for our family to have him go and a unbelievable home coming at the air port. All of the wonderful people taking care of every little thing - even before you needed anything.

From the dinner on Sunday and great entertainment, to the lunch at Leigh Yawkey museum. The gal Pam sat with me while others toured the museum. Just another special person.

Also it was possible for Carl's brother to go on the flight - that was wonderful - and Jack went very well.

Thanks to all of you,

Barbara + Carl
