

Never Forgotten Nonor Flight Directors and Volunteer.  
Thank you for sending me to Washington DC.

I was able to find my cousins name on the wall  
I found closure at the wall It was verry emotional  
for me.

I have been felling other veterans to make sure  
they sign up for this trip

The welcome home was very moving My wife

and I will be driving down for The Return of flight '33d '34

Thank you for taking care of my wife Her  
back went out and had to be in a wheelchair when  
she went back to the airport

A Very Grateful Veteran
