put in our local paper!

Never Forgotten Honor Flight:

Sept. 17, 2018

I had the privilege and honor to be on the 33rd Never Forgotten Honor Flight. I was so humbled to be treated with so much respect. I am still at awe how many people came out at CWA when 93 veterans on Mon. night returned from Washington DC. The whole 2 day event was unbelievable. The minute we arrived we were greeted by veterans at the door, volunteers at all stations to help assist my wife and I. North Central Never Forgotten Honor Flight from Wausau was fantastic. It is run by hundreds of volunteers with a board of directors. The respect I received was unreal the whole two day's that we never had when I returned from Vietnam. The whole event was a trip of a lifetime. If it wouldn't be for sponsors and all the volunteers, and fund raisers these Honor Flight's would not happen. Everyone involved to put this event together Thank You, Thank You, I will never forget it. To everyone if you have a chance go over to CWA when a flight returns from the Honor Flight you should go it is very emotional and overwhelming our family and friends said it was unbelievable.

To all involved in the 33rd Never Forgotten Honor Flight, Thank You and God Bless!
