

My Husband was fortunate to be selected for the Never Forgotten Honor Flight this past Monday. Your organization did a phenomenal job to carry out this once in a lifetime trip for my husband and the other veterans. We were awestruck by the wonderful volunteers who made this day the best it could possibly be. Everything from the great dinner and entertainment on Sunday to the welcome home on Monday was awesome. We can not thank you enough for this special experience for all Veterans. We hope you are able to send many more Veterans on a "Trip of a Lifetime".
