Never Forgotten Honor Flight  
Board of Directors~~

My husband, Robert M. Pliska, along with our son, Scott Pliska (as his Dad's guardian and for the veterans on the flight), were honored and privileged to be on the October 15, 2018 Honor Flight.

Personally having never experienced all the effort and time that goes into this flight, I wish to express my gratitude for this once in a lifetime opportunity for my husband and our son. For my Army Veteran husband it was truly a dream come true and having his son accompany him is more than either of them ever dreamed possible. Our son took many, many pictures which we as family are so grateful for.

**Everyone**, and I do truly mean **everyone**, that is involved in the Honor Flight in any way whatsoever, is to be commended. All the many, many volunteers we came in contact with and all the loved ones of the veterans and in addition all the organizations that were on hand to greet the flight on its return to Mosinee Airport, were amazing. It truly was a very humbling and heartwarming experience.

My husband when we met him at the airport, had tears in his eyes. Truth be told, in our 48 years of marriage, I have not seen that emotion often and other than with the birth of our children or the passing of our parents and family and loved ones. Both he and Scott were humbled by the greeting they received at both airports – both were totally in awe at the respect the veterans received. The mail call was also a teary eyed moment – our son noticed this in his Dad's eyes. Truly amazing to read some of the letters, from younger children to older adults.

In closing, I just want to again express my gratitude and thanks to everyone for the many hours of dedication to the Never Forgotten Honor Flight. It is a flight that all veterans should take – truly a NEVER TO BE FORGOTTEN FLIGHT!

Sincerely,

*Mrs Robert Pliska + Family*
