Dear Mike, Jim, and Honor Flight Board Members,

Thank you so much for your thoughtfulness in choosing Richard to be honored during the April 8th Honor Flight. I was deeply touched that the Board would think of honoring Richard with such a beautiful ceremony in DC. It was such a moving and emotional experience for me and my daughter, and I know it was for Richard's son Justin and his friend as well.

Sometimes there are experiences in life that leave you at a loss for words and that's exactly how I felt and still feel. I've been a strong and passionate supporter of the Honor Flight from the very beginning, but my experience has always been here in Wausau. Experiencing the trip in DC took it to a whole new level.

The care and thoughtfulness of every aspect of your organization is so well done and the actual event itself is beyond what one could imagine. You have all put your hearts and souls into these trips and I truly think that it makes a difference! What a wonderful gift for all of the veterans who have been fortunate to experience it!

I can't thank you enough for allowing us to join you on the trip in DC and again for honoring Richard.

With love,

Cheryl Bahr LaCerte
