I have always grown up with a deep respect and gratitude for the men and women who gave me my freedom today.. Thank you for your service.. I am writing because my dad my hero Michael Fanning just returned home last Monday from honor flight 36.. I was taken back by the overwhelming amount of people at cwa.. I never expected the out pour of love and gratitude those men received... I was so overwhelmed with emotion for all the pride.. And honor i felt for the men.. I can only imagine what they felt.. Just sitting here writing this brings me to tears.. I cant thank you enough or tell you just what 5-13-2019 will mean to me for the rest of my life.. To see the emotion on my dads face as he walked that walk way is and forever will be price less you sir are a god send.. May you forever be blessed and know in your heart every service man in america honots you.. Hugs and ty
