

Dear Jim;

21 May 2019

I want to thank you and the staff for the wonderful experience I had on the Never Forgotten Honor Flight. Everything about it was so well done, from start to finish.

I was completely blown away by the welcome home at the airport. I compare it to what it is like when you first come into heaven and all the people you knew are waiting to welcome you in. Enclosed is a small token of appreciation and hopefully we will be able to follow it up with more donations.

Again Thank You So much for the experience.
