

P.S. Thank you for allowing me to share your story on honoring your dad & all other veterans who won't see memorials made in their honor!

I can not begin to thank you enough for all that you do for the veterans in our community! The Never Forgotten Honor Flight was hands down the best day on the job! Seeing the gratitude on the veterans faces were incredible. I could never say thank you enough for allowing me to play such a small role on the 36th mission! Thank you again for everything! 😊

All the best,
