

We want to thank everyone associated with Mission 37 of the Never Forgotten Honor Flight. The sponsors, guardians, mail call, those on telephone duty, and all the other volunteers are Angels. We would also like to thank volunteer Jenny Nunn who helped us find information of an MIA soldier. We have had his bracelet since 1970 and hoped to find information about his family so that we could send it to them. She was able to do that and more. A special thank you to Rocky who has truly found her calling. She worked tirelessly to ensure that all our needs were met. The entire event was extremely well organized. Unfortunately, you cannot change Mother Nature. That aside, it was a Labor Day weekend we will never forget.

It was indeed the trip of a lifetime that we will treasure always.
