Never Forgotten Honor Flight
4404 Rib Mountain Drive, #234
Wausau, WI 54401

Never Forgotten Honor Flight,

My father Gerald A. Buza, who is a Korean War veteran, passed away peacefully into our Lords arms on August 26th at the age of 90. He was a very proud veteran and American, a wonderful husband to our mother, a great father to his children, and a good man.

I had the proud honor of being his guardian for his honor flight on October 12th, 2015. I was also assigned a second Vietnam veteran, Ronald Swenson, for the trip to Washington D.C., which made it even that much more special. It was, as they say, the trip of a lifetime for my father, Ron, as well as for me. To be with him as we visited each memorial to our honored fallen was an experience I will never forget. I remember the look on his face and his smile as total strangers came up to him to say "thank you" for his service and sacrifice, and I'm certain it gave him a feeling like he had never gotten before and one that made him feel appreciated for his service. I will forever be proud of him, as well as all veterans who sacrificed, served, and continue to serve for our great country.

Our family cannot thank everyone involved with the Never Forgotten Honor Flight enough for what you do for our veterans. With that said, we would like to donate the enclosed funds in our fathers name to allow another veteran to experience the same "trip of a lifetime".

p.s. please let me know you received this by calling me or responding to the email address below.

Thank you all again!!

Sincerely,

Donald Buza, and the entire Gerald Buza family
