Michael DeSciscio

Never Forget the Honor Flight Board.

Words cannot express how moved we were at the dinner as you gave your heartfelt tribute for Mike. As you know he thoroughly loved performing for the Veterans and their families. He was honored to be part of such a fine organization. We truly felt like part of the family. Also thank you for the beautiful flowers and your attendance at his memorial service. It meant the world to us.

The picture is a treasure and will forever be a part of his legacy in our family.

He loved the friendship he shared with all of you & as do we his family.

Thank you seems hardly enough to say to all of you, but know it comes from our hearts.
