## Concessions for a Cause

*Raising money for local organizations one bite at a time!*

Hello!

Please accept this donation on behalf of Antigo Middle School. This money was raised as part of the "Concessions for a Cause" program staff started earlier this year.

Concessions for a Cause is a way that staff, students and families at Antigo Middle School are able to support organizations within our community. Staff donate their time, money, and talents by providing baked goods and concession items for home sporting events. All of the proceeds generated from these efforts are donated to organizations and causes within our community. The response of staff, students, and families has been awesome and we are very pleased with the results to date.

Your organization was chosen as one of our beneficiaries. We appreciate the work you do and are happy to be able to help in this small way. Antigo Pride!

Best regards from the staff and students at Antigo Middle School.
