

I would like to donate \$750⁰⁰ for the Honor Flight in memory of my husband, Allen Mondlock, who passed away in Feb. He went on the Sept. 20, 2015 flight. He always said it was one of the greatest experiences of his life. The cap he got was his "dress" cap, and he wore it a lot - like when we went out to eat or to clinic appointments. Whenever we went it started conversations, like - "I went too" and "My dad - brother - uncl." who even went or wanted to go. Everyone who ever went thought it was as great as he did.

Hope this can help one of those Veterans go on one also -

Thanks for the memories
Shirley Mondlock
