

Season's Greetings!

This year Church Mutual's Employee Association did their Jean Day collections a bit different. We offered employees the option to pay for the full year right away. Some of the employees took full advantage of this option however, with changes to our work environment due to COVID, we were not able to obtain the usual amount you may have seen in the past. However, we are happy to say that we still are able to give you a small donation which is enclosed.

We wish you all well through this Holiday Season and the future to come.

Happy Holidays from the Employees of Church Mutual Insurance Company!
