Never Forgotten Flight Program  
225780 Rib Mt Drive # 234  
Wausau, WI 54401

Enclosed are checks reflecting memorials our family received as a result of my husband's death on 10-23-21. Please use these funds to help fund sending our vets to D.C. We always enjoyed watching the flights return and seeing the happy faces on those who were privileged to go and spend the day with other vets and family members.

Thank you for providing the program. My husband was very proud to have served 4½ years in the Navy on his "time" can!

Thanks again -
