

*Near Forgotten Honor Flight  
Board*

"Mail Call", that's what we veterans heard as we prepared to return home from Washington DC on our May 2nd Honor Flight. It has been a welcome call for veterans stationed all over the world. We were each presented with a large envelope that contained many, many letters. Your letter was read and appreciated; I was deeply honored and moved by your kind words of gratefulness. Thank you ever so much! It was for people like you that we veterans did what we did.

*Ed Beem*
