Jim Campbell, Mike Thompson, Executive Committee, Members at Large and All Volunteers,

How can I explain the wonderful and emotional feelings that I experienced on Mission #40! SPECTACULAR, from the Sunday Banquet, the Washington D.C. Memorials and to the reception at Central Wisconsin airport Monday evening! The attention to detail was so evidently noticed and appreciated. Thank you to the volunteers who spend enormous hours of their time to make this trip to Washington D.C. a reality. It was greatly appreciated! Thank you to the many organizations, individuals and guardians that donate funds to cover the expenses of the veterans.

The public greeting us at the airports were emotional and amazing that showed what true citizens our country represents! I was so fortunate to have an assigned guardian who made me feel the love and concern he had for his father, also who was his guardian on this mission. Thank you, Hob!

Never Forgotten Honor Flight - You've succeeded in making all of us veterans remember a very special, Welcome Home! God bless you all and America!
