

Dear Mr. Campbell,

My name is Jordan. I am a 7th grader at Northland Pines High School. I play softball, basketball, and I am going to play volleyball next year. I also really love fishing! It's my favorite thing to do in summer, and I love ice fishing in winter even more. Did you play any sports before you went to the military.

Thank you so much for your service and time. I appreciate your sacrifice of giving up time with your family and friends, missing holidays, and even more. I appreciate you defending our country and our people. How long did you serve for? What was your specialty?

Thank you so much again. You are the best.

Sincerely,
Jordan.
