Maunsee, WI 54401

To whom it may concern;

My husband Peter Schneider took the flight in April of 2014. He didn't feel worthy because he hadn't served abroad. I convinced him that it was of no fault of his for not being sent overseas.

He finally decided to go and was scheduled for August of 2014. He had a call on Fri. a.m. that April if we could be ready for the Monday flight due to a cancellation last minute. Then there was a snow storm that a.m. but they were able to get off about an hour or so late.

I cannot tell you how much he enjoyed that experience. He talked about it for days and urged anyone he talked to to sign up if they hadn't done so. The kids and I were so happy he had this experience because it made him so happy.

He passed away January 7, 2017. I still have some memorial money that was undesignated. It needs to be taken care of and I can see no better place than the NFHF. What a great program.

Sincerely yours
Dorothy Schneider

P.S. you had a very nice day planned for spouse's top.
